Eugenia,

Below, is a message from Ted Schade, APCO for the Great Basin UAPCD. In his message, he mentions the result of our TSA which warrants that the District be designated as an independent PQAO. I recommend that we let OAQPS know that we are in full support of this designation and take the necessary action to bring it about.

Subject RE: Audit of monitoring program

Debbie,

I would like to thank you and all your involved staff for a very thorough job on the Technical System Audit. We appreciated EPA's professional approach to our portion of the audit effort. We will be contacting you in the near future with a request to become an independent PQAO. We believe the results of the audit, along with some additional commitments on the District's part, warrants such a designation. We have worked very hard to develop a first-class monitoring program. It was encouraging that EPA recognized our efforts.

Ted Schade

Air Pollution Control Officer

Great Basin APCD

Hi James --

Here are the letter and report concerning our audit of your monitoring program, as we discussed. Thank you again for your staff's excellent cooperation during the audit and as we begin to address the findings.

We'll send hard copies as well. See you tomorrow.

-- Deborah
